## Welcoming Remarks

It is with immense pride that I welcome you all to the grand climax of the HESLB 20th Anniversary Conference here at JNICC in the heart of Dar es Salaam. This is a moment to celebrate two decades of impact, innovation and service in higher education financing.

Leading up to this event, we held HESLB Clinics across seven zones—Dar es Salaam, Dodoma, Mwanza, Mbeya, Arusha, Mtwara and Unguja—from 10th to 14th February 2025, engaging with our communities and addressing their concerns. The HESLB Marathon, which took place on 15th February 2025, further united us in promoting the value of education and well-being.

As we mark 20 years of growth and transformation, we reflect on the role HESLB has played in enabling hundreds of thousands of Tanzanian students to access higher education. This milestone is an opportunity to look ahead and continue shaping the future of financing for higher education in Tanzania.

Tanzania enjoys political stability and peace, which has been key to our success. Dar es Salaam, with its warm hospitality and vibrant atmosphere, is the perfect setting for this event. I encourage our international guests to explore the country's rich historical and cultural attractions, from the Serengeti to Zanzibar.

To all delegates, I extend a warm welcome. Your participation is crucial to the future of higher education financing, and we look forward to the meaningful conversations and collaborations ahead.

Karibuni sana!

**Dr. Bill Kiwia**  
Executive Director HESLB

## 2.0

# BoD Chairperson's Welcome Remarks

It is my great honor to welcome you to this HESLB High-Level Symposium, where we gather over the next two days to engage in meaningful discussions on the future of educational financing. This symposium is a significant platform that brings together thought leaders, experts and key stakeholders from around the world to reflect on the challenges and opportunities in financing education and share invaluable expertise.

The conversations we have here are critical, as we work together to shape the future of education financing in alignment with the Sustainable Development Goals (SDGs), particularly SDG 4, which calls for inclusive, equitable, and quality education for all.

We also recognize that good governance and collaboration are key to achieving these goals. By fostering transparent, accountable, and efficient systems, we can ensure that resources are effectively mobilized and utilized to benefit all learners, regardless of their background.

Let this symposium be a space for collaboration, knowledge sharing and collective action, as we work towards building a more sustainable and inclusive education system.

Thank you for your participation, and I look forward to the fruitful discussions ahead.

**Prof. Hamisi Dihenga**  
BoD Chairperson

## About HESLB Celebrations

The **Higher Education Students' Loans Board (HESLB)**, established in 2004 and formalized in 2005, is celebrating its 20<sup>th</sup> anniversary. This milestone, HESLB@20, marks two decades of alleviating financial barriers for Tanzanian students seeking higher education. HESLB has supported over **800,000 students** with a cumulative investment of **TZS 8 Trillion**, recovering **TZS 1.5 Trillion** to date.

The anniversary provides an opportunity to celebrate HESLB's achievements, recognize the positive impact on students, and foster collaborations with key stakeholders. The event will also highlight HESLB's future vision for student financing, focusing on innovation, impact, and excellence.

The proposed theme for the celebration is **"HESLB at 20: Celebrating Two Decades of Impact, Innovation, and Service"**, emphasizing the organization's transformative role, innovative approaches, and commitment to excellence in serving Tanzanian students.

*Celebrating Two Decades  
of Impact, Innovation,  
and Service*

**800,000+**  
students
